

LEGACY FOR LEARNING

FIVE-YEAR CAPITAL CAMPAIGN

Legacy for Learning

For 25 years, the HCSF has been awarding grants to provide curriculum enhancements and educational development designed to impact Homewood students and teachers. These grants have helped make Homewood a top-ranked school district both locally and nationally.

Legacy for Learning is a new five-year program that will take the Foundation's impact to the next level, expanding proven programs and establishing an endowment to ensure and increase future impact beyond what current efforts would permit.

Your partnership in achieving the \$2M goal for the five-year Legacy for Learning program will help us set a new standard for excellence for education in Homewood. Together we can make sure that the HCSF is able to impact every student, every day.

A Strategic Partnership

Through the implementation of the Legacy for Learning strategic plan, a partnership with Samford University and Homewood City Schools will greatly expand avenues of support for our students and teachers.

Samford University

For Our

Students

1 Expand programs with proven success.

RISE is a summer program for at-risk students that closes the achievement gap.

Samford's Turning Points provides job training and education for special needs students transitioning to college.

2 Build awareness of and interventions for mental health concerns among students.

3 Provide seed funding for innovative programs and classroom resources.

4 Partner with Hoover's Riverchase Career Connection Center to provide Homewood students with opportunities for certifications in:

Culinary Arts and Hospitality

Cyber Innovation

Fire and Emergency Services

Health Science

Skilled Trades

5 Develop and implement leadership and character training programs for students.

For Our

Teachers

Teachers are our front line with students. Enhancing their development in and out of the classroom is critical for our continued growth.

- 1 **Fund continuing education and specialized training for teachers.**
- 2 **Increase the number of teacher aides to allow more focused student assistance in classrooms.**

For Our

Future

By establishing an endowment, we will impact our students and teachers both today and tomorrow.

YES!

We want to help impact
students and teachers for years to come!
