

March 14, 2020

Although there are no confirmed cases of COVID-19 in Homewood at this time, we have been made aware of potential exposures in neighboring communities. To ensure the safety of our students and staff members, Homewood City Schools will not open next week. This closure includes all school facilities and the cancellation of all school-related activities. Since students and employees will not report to their schools on Monday, eLearning will not be required next week.

Information regarding breakfast and lunch services for students who need it will be sent out on Monday, March 16.

Homewood City Schools will remain closed until Monday, April 6. We encourage our families to continue following the guidance of public health officials during the closure and monitor Homewood City Schools' website for future messages regarding Covid-19.
