

Alabama Immunization Partners, in association with your school system, is offering influenza vaccine to your child at one of our school-based immunization clinics. Our partnership follows a resolution passed by the Alabama State Legislature to establish school-based influenza clinics throughout our state.

For the 2020-21 flu season only Flu Shots will be available through our clinic.

If you are interested in having your child vaccinated at the school based immunization clinic you are required to do the following:

- Complete the Student Influenza Vaccine Registration and Consent Form.
- SIGN the Student Influenza Vaccine Registration and Consent Form – Your child cannot be vaccinated without your signature.
- Provide a copy of your child's insurance card (front and back), or indicate if your child does not have insurance coverage.
- Return both the completed form and insurance copies to your school.
- We cannot administer vaccine if we do not receive all documentation completed in its entirety.

The flu vaccine clinics at Homewood City Schools will be the week of October 12th-16th. The school system will provide specific dates for each school. We will provide you with a vaccine card which includes the date and type of vaccine administered.

Please be advised that we will not physically restrain your child in order to give them a flu vaccine. If your child is afraid or resistant to receiving the vaccine, we will recommend that you take your child to his or her pediatrician for vaccination.

Thank you for your participation in our clinic, and we hope that you will find this service beneficial. If you have any questions please talk to your school nurse or refer to our website at <https://schoolfluvaccines.wix.com/home>.

All information will be protected in accordance with the Health Insurance Portability and Accountability Act (HIPAA).

***** Completed forms are due to the school office by Friday, September 25th. *****
